Program of V. International Rimar Congress of Pure, Applied Sciences

برنامج مؤتمر ريمار الدولي الخامس للعلوم الصرفة والتطبيقية

V. Uluslararası Rimar Uygulamalı ve Teknolojik Araştırmalar Kongresi Programı

الافتتاح

يوم الأربعاء الموافق 28 أيار 2025
الساعة المباشرة بتوقيت الشارقة

Açılış - Opening

28 May - mayıs 2024

Wednesday - çarşamba

10:00 am

Oturum/session 1 الجلسة
13:00-14:00

Lect. Dr. Taif Hussein Hasan

رئيس الجلسة
Chairman - Oturum Başkanı

Wednesday- çarşamba
28/05/2025 الأربعاء

1

Assist. Lect. Zahraa khalid Al-
kheroo

University of Mosul

Evaluation of the anti-microbial
activity of morinzhi extract against
some human pathogenic bacteria

2

Lect. Dr. Taif Hussein Hasan
Lect. Dr. Ali Abdulkarim

Al-Karkh university

Study the efficacy of COQ10
enzyme with Vitamin E on
Escherichia coli bacteria isolated
from Urinary tract infection

3

Lect. Dr. Zainab Noaman Eyada
Ibn Sina University
Lect. Dr. Abbas Mosad Ajeed
Al-Kunooze University College
Assist. Lect. Sara Ali Mutashar
Ibn Sina University
Assist. Lect. Diyar Adel Lateef
Al-Nahrain University

Evaluation the Vitamin D3 and Renal
Function Test and Liver Function Test
Levels on Toxoplasma Gondii (T. Gondii)
in Baghdad Pregnant Women

4

Assist. Lect. Mustafa
Mohammed Jassim
Lect. Firas Mohammed Adress

Nineveh Education
Directorate, Mosul

Evaluating the Performance of IEEE
802.11ac and 802.11n in NS-3

5

Lect. Dr. Rawa M.M Taqi
Al-Nahrain University
Assist. Lect. Wael dheaa kadhim
Mazaya University College
Assist. Prof. Zeina Abdul-Ella
Lect. Dr. Nesreen Ahmed Nasser
Al-Nahrain University

The Effect albumin and lipid profile
in the Type 2 Diabetes Mellitus with
Hypertension in Iraqi Patients

6

Assist. Prof. Dr. Samira Gjir
Jremich
University of Al-Qadisiyah
Lect. Dr. Riyam Wissam Hassan
Al-Furat Al-Awsat Technical
University
Assist. Lect. Dania Ali Azeiz
University of Al-Qadisiyah

The Effect of Selenium/Zinc Oxide
Nano Composites from Artemisia
annua as Inhibitory Activity on
Serratia marcescens Isolated from
Catheter-Associated Bacteremia

Oturum/session 2 الجلسة
14:00-15:00

Dr. Anas H. Sadek

رئيس الجلسة
Chairman - Oturum Başkanı

Wednesday- çarşamba
28/05/2025 الأربعاء

1

Dr. Baraa Kasim Mohammed
Dr. Shaimaa Haidar Rabah
Assist. Lect. Yusur Fadhil
Shallal

Al-Karkh University

Prevalence and pattern of
dyslipidemia in type 2
diabetes mellitus in Baghdad

2

Rafah R. Ismail
Maha A. Hameed
Noor Z. Kouder

University of Baghdad

Assessment of Water Pollution in
the Tigris River near Medical City
Using Satellite Images and Ground
Measurements

3

Dr. Anas H. Sadek

Ibn Sina University

Determintion of Vitamin B12 levels
in Toxoxplamosis gondii (T.gondii)
in Iraqi women

4

Bassam Kareem Abdulameer

University of Baghdad

Histological Effect of RAD 140
Supplement on liver of Rats

5

Zainab Noaman Eyada
Doaa Y. R. ALGBURI
Ibn Sina University

Yasir Abdulateef
Anbar University

Diabetes and Prostate Health: A
Comprehensive Analysis of
Pathophysiological Interactions,
Molecular Mechanisms, and Clinical
Outcomes

6

Haneen sameer fakher
Prof. Dr. Zainab Shnewer Mahdi

Kufa University

Efficiency of the nano particles of
aqueous Moringo oleifera extract in
antioxidants levels in male albino rat
treated with drug cyclosporine
